BAYSHORE TECHNOLOGIES BECOMES AUTHORIZED MIMOSA SYSTEMS RESELLER

*Bayshore Technologies Helps Unify Email Archiving, eDiscovery,
Disaster Recovery and Storage Management with Mimosa NearPoint*

Tampa, Fla. and Santa Clara, Calif. – April 10, 2007 – Bayshore Technologies, a leading specialist in LAN/WAN infrastructure implementation and integration; and Mimosa Systems™, a leader in Live Content Archiving solutions, today announced that Bayshore Technologies has become an authorized reseller for Mimosa Systems.

As a member of the Mimosa Partner Advantage Program, Bayshore Technologies is now an authorized reseller of Mimosa NearPoint™ for Microsoft® Exchange Server, a next-generation email management platform that combines email information archiving, eDiscovery, regulatory compliance, data protection, disaster recovery and storage optimization into a single, powerful solution.

“Solutions for email archiving are quickly becoming ‘must-have’ technologies for companies,” said Mark Segars, director of sales, Bayshore Technologies. “We are pleased to join the Mimosa Partner Advantage program so that we can offer our customers the market’s most innovative email archiving solution.”

“Together, Bayshore and Mimosa are delivering the combined expertise and technology Florida companies need to protect their vital Exchange information,” said Gerry Callanan, director of channel sales, Mimosa Systems. “Bayshore’s advanced services, paired with Mimosa NearPoint, will give our mutual customers the complete solution they need to ensure comprehensive retention, search and recovery of email data.”

Designed to help drive revenue quickly in a high-demand market, the Mimosa Partner Advantage Program offers three tiers of participation – Referral, Gold and Platinum – for value-added resellers, consulting services partners and systems integrators. Mimosa channel partners provide services and solutions for helping clients establish policies for retention and disposition of email, support legal discovery requests, help with Exchange migrations, implement disaster recovery strategies, as well as integrate storage with archiving software into a comprehensive solution.

About Mimosa NearPoint

Mimosa NearPoint addresses critical customer requirements around email information archiving, eDiscovery, regulatory compliance, business continuity and storage optimization. Mimosa NearPoint provides immediate mailbox and message recovery, disaster recovery, email archiving, and self-service search and access in one solution. By leveraging cost-effective storage, NearPoint also optimizes e-mail storage and reduces overall infrastructure costs.

About Bayshore Technologies

Based in Tampa, Fla., Bayshore Technologies specializes in LAN/WAN infrastructure implementation and integration. Supplying technical expertise and implementation services to more than 400 customers in the U.S., the Company's engineers complete more than 1,500 hours of services for clients on a monthly basis.
