*Legal Technology Expert Offers Mimosa NearPoint for Microsoft Exchange Server
To Ensure Archiving, eDiscovery and Reliable Recovery of Email Information*

Torrance, Calif. and Santa Clara, Calif. – April 10, 2007 – Innovative Computing Systems, Inc. (ICS), a full service system integrator specializing in the technology needs of California’s legal community, and Mimosa Systems™, a leading provider of Live Content Archiving solutions, today announced that ICS has become an authorized reseller of Mimosa NearPoint™ for Microsoft® Exchange Server, a next-generation information management platform that combines email information archiving, eDiscovery, regulatory compliance, data protection, disaster recovery and storage optimization into a single, powerful solution.

As a member of the Mimosa Partner Advantage Program, ICS is now delivering advanced email archiving and eDiscovery technology solutions to law offices throughout California.

“Law firms have unique requirements for managing email as a business record,” said Michael Kemps, chief executive officer, ICS. “Mimosa NearPoint is a very well thought through and comprehensive solution designed to address the specific requirements of law firms. ICS is pleased to become a reseller of the award-winning Mimosa NearPoint solution.”

“ICS is the expert in the technology needs of California’s legal community,” said Gerry Callanan, director of channel sales, Mimosa Systems. “Mimosa is pleased to partner with ICS to support the growing requirements for archiving, eDiscovery and recovery of email for law firms.”

Designed to help drive revenue quickly in a high-demand market, the Mimosa Partner Advantage Program offers three tiers of participation – Referral, Gold and Platinum – for value-added resellers, consulting services partners and systems integrators. Mimosa channel partners provide services and solutions for helping clients establish policies for retention and disposition of email, support legal discovery requests, help with Exchange migrations, implement disaster recovery strategies, as well as integrate storage with archiving software into a comprehensive solution.
