**SATISNET NAMED AUTHORIZED RESELLER FOR MIMOSA NEARPOINT  
LIVE CONTENT ARCHIVING SOLUTION**

*Leading European IT and Network Security Specialist Offers Market Leading Email Archiving Solution from  
Mimosa Systems*

**Biggleswade, U.K. and Santa Clara, Calif. – April 10, 2007** – Satisnet, a leading pan-European specialist in IT security and infrastructure optimization, and Mimosa Systems™, a leader in Live Content Archiving solutions, today announced that Satisnet is now an authorized partner in the Mimosa Partner Advantage Program.

Satisnet is now including Mimosa NearPoint™ for Microsoft® Exchange Server, a next-generation email archiving and recovery solution, in its overall solution set for IT and network solutions marketed to companies throughout Europe.

“Organizations in UK and throughout Europe have an increasing need to ensure that their email content is reliably archived for simplified recovery, search and discovery,” said John McCann, director, Satisnet. “Mimosa NearPoint is by far the best technology in the market that will help us safeguard our customers’ valuable email information and manage it as a business record. With the addition of Mimosa NearPoint as part of our solution set, SatisNet will now offer email archiving, eDiscovery, regulatory compliance, data protection, disaster recovery and storage optimization solutions to our customers.”

“Satisnet has already had significant success in growing Mimosa’s customer base in an exploding market for email archiving,” said Gerry Callanan, director of channel sales, Mimosa Systems. “We are very pleased to partner with Satisnet, to help address the email archiving and recovery needs of our European customers.”

Designed to help drive revenue quickly in a high-demand market, the Mimosa Partner Advantage Program offers three tiers of participation – Referral, Gold and Platinum – for value-added resellers, consulting services partners and systems integrators. Mimosa channel partners provide services and solutions for helping clients establish policies for retention and disposition of email, support legal discovery requests, help with Exchange migrations, implement disaster recovery strategies, as well as integrate storage with archiving software into a comprehensive solution.

**About Mimosa NearPoint**

Mimosa NearPoint addresses critical customer requirements around email information archiving, eDiscovery, regulatory compliance, business continuity and storage optimization. Mimosa NearPoint provides immediate mailbox and message recovery, disaster recovery, email archiving, and self-service search and access in one solution. By leveraging cost-effective storage, NearPoint also optimizes e-mail storage and reduces overall infrastructure costs.

## **About Satisnet**

Founded in 2000, Satisnet is a leading pan-European specialist in IT security and infrastructure optimization. Satisnet is the leading Security Systems Integrator and the Trusted Security Partner for many of the FTSE 250. As a specialist in information security, our expertise lies in identifying, analyzing and minimizing network and system security risks and offering comprehensive solutions that address the total IT requirements of our customers, allowing them to grow and achieve their business goals securely. Satisnet has been instrumental in introducing some of the leading technologies and services into EMEA, and continue to research new technologies and bring them to market.
